

Why use inventory tracking software?

It's all about the reports of course!

iSmartOne's custom reporting lets you create the reports YOU need.

We know the main reason for using any inventory tracking software is for the reports that will save you time and make your job easier. Here's how custom reports work:

1. Select the columns you want to include, and arrange them as you wish.
2. Add filters, grouping and sorting on one or more columns.
3. Save your custom report settings, and add frequently produced reports to your dashboard.
4. Print the report, save it to a PDF file, or export to Excel, CSV or other formats.

"The custom reports are the best! It was easy to set up the reports I print daily and monthly. And, adding the reports to the home page [Dashboard] was a great idea. It's a real time saver and has made my job so much easier. You really thought about what your customers need. Good job!"
 L.V., Facility Manager

Daily, Weekly, and Monthly Tasks

Daily or weekly tasks may include processing and printing or emailing purchase orders, receiving inventory into stock, recording daily usage & wastage, transferring inventory between schools or a warehouse, and printing reports. Physical inventory can be entered monthly, bi-weekly or weekly. Items are automatically reconciled at the end of inventory period.

Easy to Use, Smart Technology

iSmartOne Inventory Control Software is a web browser-based software, powered by .NET and SQL databases. This means NO additional software to install or update on your school's computers!

It's the SMART and SIMPLE Solution

Looking for the answer to your inventory management problems? iSmartOne Inventory Control Software is the SMART and SIMPLE choice! With iSmartOne, you'll have up-to-the-minute access to the most vital information about your inventory, enabling you to make the right decisions at the right time. It's easy to use and reliable! Contact us today to schedule your demonstration!

iSmartOne Inventory Control software was created By and For school food service professionals.

Managing Your School's Inventory
 Smart, simple inventory control

Key Benefits & Features:

Here are some of the reasons why iSmartOne Inventory Control Software is the SMART and SIMPLE choice for your district's food service operations.

- Cut costs and labor with better ordering practices.
- Quickly generate purchase orders to restock items that have fallen below their set reorder limits.
- Eliminate unnecessary losses due to theft, overstock or excessive wastage.
- Easily transfer inventory between your schools and/or warehouse.
- Custom reporting saves loads of time on paperwork.

- Unique Dashboard (above) gives you instant access to important information about your inventory.
- Assign items to storage areas and shelves for faster entry of physical inventory counts.
- Review discrepancies and counting errors by printing a Variance Report.
- Quickly and easily import price changes, supplier changes or storage assignments.
- Printed Purchase Orders and Transfer Orders double as Receiving Tickets.
- Set reorder limits for each item at each school, and receive alerts when it's time to reorder.
- Line item receiving allows you to receive only those items on an order which have been delivered.
- Track daily usage and wastage.
- Create and save your recipes in Item Kits.

Service & Support

Simplify Your Workload

- Effectively manage your entire district's inventory from your central office or warehouse.
- Optionally require approval on Purchase Orders and Transfer Orders submitted by Managers.
- Task-specific user access rights gives you maximum security control.
- Obtain the FIFO value of inventory at individual schools and your entire district in one report.
- Get a quick overview of purchases, receiving, and generate reports from your Dashboard.
- Track USDA commodities orders and simplify inventory audits.

"During our recent audit, the rep asked for the USDA inventory counts. We were able to quickly produce reports with the counts at each school and the warehouse. He was impressed."

K.H., Food Service Director
